

Bonney Oommen

Chief Product & Strategy Officer

Bonney Oommen serves as Chief Product and Strategy Officer at Perfect Day, a consumer biology company on a mission to create a kinder, greener tomorrow by developing new ways to make the foods you love today — starting in the dairy aisle. In his role, Bonney sets the strategic direction of Perfect Day. His team is responsible for creating, communicating, executing, and sustaining strategic initiatives while bringing breakthrough products to market.

Bonney joined Perfect Day from Glanbia, a global nutrition company, where he most recently served as Senior Vice President of Emerging Platforms, responsible for incubating and growing new business segments and opportunities. In his 14 years with Glanbia, he was responsible for margin and revenue growth through operational strategy and post-acquisition synergies. In addition to his previous role at Glanbia, Bonney has been an independent investor and mentor to entrepreneurs for nearly 15 years.

Bonney's background in leading a range of financial, operational, sales, marketing, production, supply chain, QA, and R&D teams allows Perfect Day to take a best practice approach to its business moves. His strategic approach and experience is helping the company pioneer a new category in the dairy market.

Bonney earned his PhD and MBA from Utah State University. He is passionate about the future of animal-free dairy and, with the rest of the Executive Leadership Team, is driving Perfect Day to its vision of building a more equitable, resilient, and diverse food system for all of us.
